

Ornamental Fish from all over the world

Rivulus hartii

male

We obtained this pretty killifish from a German breeder in small numbers. *Rivulus hartii* (the species has been placed in the genus *Anablepsoides* recently, thus the correct name is now *Anablepsoides hartii*) becomes comparatively large and grows to a maximum size of 10 cm. In the aquarium this rather peaceful fish can live up to 3 years. However, the tank must be always absolutely densely covered, for all *Rivulus* are perfect jumpers.

AQUARIUM GLASER GmbH

Ornamental Fish Import/ Export Wholesale Rare Fish Specialist

female

For our customers: the fish have code 343662 on our stocklist. Please note that we exclusively supply the wholesale trade.
