

# Ornamental Fish from all over the world

Show Corydoras arrived!

We received two very rare species of Corydoras from Brazil, which represent moreover two of the largest species of Corydoras at all: the "real" *Corydoras narcissus* (I), which can attain a maximum length of almost 10 cm, and *Corydoras robustus*, which can become even one centimeter longer.

**Corydoras robustus**

**female**

It is worth mentioning that in *Corydoras robustus* both sexes develop the elongated dorsal fin. The sexes can be told best apart by the shape of the ventral fins.

For our customers: *Corydoras narcissus* has code 237105, *C. robustus* 244106 on our stocklist. Please note that we exclusively supply the wholesale trade. Both species are available in limited numbers only!
