

Ornamental Fish from all over the world

Pseudomugil signifer GAP CREEK

One of our breeders has to reduce the number of tanks in his fish house and so we have the very rare opportunity to offer some valuables among the rainbowfishes with given locality and in fully grown specimens. One of them is *Pseudomugil signifer* from the Gap Creek - beautiful animals, aren't they?

For our customers: the animals have code 446203 on our stocklist. Please note that we exclusively supply the wholesale trade. Available in limited numbers only!
