

Ornamental Fish from all over the world

Rhinogobius formosanus

We could import this pretty brook-goby from Taiwan. The specific name of the fish refers to the old name of the island - Taiwan was formerly known as Formosa. The fish can attain a maximum length of about 8 cm. One should not keep them along with too small other fish for the gobies may take them happily for food.

AQUARIUM GLASER_{GmbH}

Ornamental Fish Import/ Export Wholesale Rare Fish Specialist

male

For our customers: the fish have code 453463 on our stocklist. Please note that we exclusively supply the wholesale trade.
