

Ornamental Fish from all over the world

Merodontotus tigrinus Nachzuchten

We received for the first time now bred specimens of that highly demanded predatory catfish from Taiwan. Currently it is not allowed to export the species from Brazil. So we are very glad to cover the complete demand via bred ones. The fish are currently 12-15 cm long, maximum length reported is around 60 cm.

For our customers: the fish have code 267613 on our stocklist. Please note that we exclusively supply the wholesale trade.
