

Ornamental Fish from all over the world

Hyphessobrycon cf. agulha

Finally we were able to import again this very pretty, only occasionally available tetra from Peru. Keeping this fish is comparable to the popular Black Neon (*Hyphessobrycon herbertaxelrodi*) that looks also a bit similar. For further information, please see http://www.aquariumglaser.de/en/hyphessobrycon-cf-agulha_de_1469.html

For our customers: the fish have code 255973 on our stocklist. Please note that we exclusively supply the wholesale trade.
