

Ornamental Fish from all over the world

Nannacara Neon Blue

For all aquarists that feel that Electric Blue Rams are too delicate and *Rocio octofasciata* "Blue Dempsey" too aggressive: here is an alternative breed from Singapore. The fish are sold under the name of "Nannacara Neon Blue". Despite the fact that we are quite sure that these fish do not belong to the genus *Nannacara* at all: their coloration is really fantastic! The photographed fish are about 5 cm long and seem to be fully grown already.

For our customers: the fish have code 396001 on our stocklist. Please note that we exclusively supply the wholesale trade.
