

# Ornamental Fish from all over the world

Guppy Blue Sapphire

Once more the breeders in Asia have developed a new, very nice guppy sport. The name "Blue Sapphire" is well chosen, for the fish shine in frontlight bright blue. Technically spoken, the "Blue Sapphire" is a sport of the Moskow strain of Guppy.

One could name these little gems also "chameleon guppy", for the males become deep black on the forebody during displaying. The pictures show the very same two males, each one in normal and in breeding condition. Astonishing, isn't it?

For our customers: the animals have code 418593 on our stocklist. Please note that we exclusively supply the wholesale trade.
