

Ornamental Fish from all over the world

Devario malabaricus

The Giant or Malabar Danio is one of the most popular aquarium fish at all. The species takes some time to settle when brought in a new tank and until then it looks a bit silvery. But when the males get in brooding mood they leave no doubts why this species of fish is a favorite ornamental fish for more than 100 years now. The photos show animals of our current stock which we imported from Sri Lanka.

For our customers: the fish have code 413703 on our stocklist. Please note that we exclusively supply the wholesale trade.

Text & photos: Frank Schäfer
