

Ornamental Fish from all over the world

Krobia xinguensis

This pretty cichlid has been described scientifically only in 2012. Up to that time it was known among hobbyists under the name of *Krobia* sp. "Xingu Red Head". This nice relative of *Aequidens* is the ideal cichlid species for beginners, because it is one of the most peaceful species of cichlid at all. Besides this the fish have beautiful colours. They are typical open brooders with biparental family.

For our customers: the fish have code 683263 on our stocklist. Please note that we exclusively supply the wholesale trade.
